Subject: Revision to Physical Security Plans, Training and Qualification Plans, and Safeguards Contingency Plans

In accordance with 10 CFR 50.54, "Conditions of licenses," paragraph (p)(2), Exelon Generation Company, LLC (EGC) is submitting revisions to the Physical Security Plans, Training and Qualification Plans, and Safeguards Contingency Plans for the facilities listed above. Changes to these documents were implemented on March 31, 2010. In accordance with 10 CFR 50.54(p)(2), EGC is submitting these changes within 2 months of implementation (i.e., May 30, 2010).

As summarized in Attachments 11 through 20, the Physical Security Plans, Training and Qualification Plans, and Safeguards Contingency Plans have been revised to implement Nuclear Energy Institute (NEI) 03-12, Revision 6, "Template for the Security Plan, Training and Qualification Plan, Safeguards Contingency Plan; [and Independent Spent Fuel Storage Installation Security Program]."

EGC has concluded that the changes do not decrease the safeguards effectiveness of the Physical Security Plans, Training and Qualification Plans, and Safeguards Contingency Plans.

Attachments 1 thru 20 contain Safeguards Information. Therefore, EGC requests that this information be withheld from public disclosure in accordance with 10 CFR 2.390, "Public inspections, exemptions, requests for withholding," paragraph (d)(1), and 10 CFR 73.22, "Protection of Safeguards Information: Specific Requirements," paragraph (a)(1)(i).

There are no commitments in this letter.
