Subject: ALTERNATE VENDOR INSPECTION

Ladies and Gentlemen,

I know that some of you have already said that you will not have any inspection requirements, so this does not apply to you. I am sending it to all of the technical branches so I don't miss anyone.

A few weeks ago we met with John Nakoski to discuss the upcoming alternate vendor qualification inspection in Japan. At that meeting we agreed that those branches that have inspection needs would provide a detailed writeup of those needs by April 13, 2009. Please try to have this writeup to the chapter PM by that date.

I am trying to schedule a phone call with South Texas to inform them of our inspection needs. I would like to have that call next week if possible. When I have your individual writeups, I will try to schedule a call when all of the branch chiefs who will be participating in the inspection are available.

Thanks,

George
