**Subject:** Question regarding the UX-30

Mark,  
We have received a copy of the special arrangement certificate issued by France for the UX-30. I understand that the French Competent Authority has had several questions regarding this package, with some dating back to 2006.

I will be reviewing the special arrangement certificate. I would like to set up a call to get your input on the concerns raised during France's revalidation review. If there are documents that are pertinent to the French review, such as RAIs or RAI responses, I would also appreciate any copies that you may be able to make available. Please let me know if any of the times listed below would be convenient, or if not, please propose an alternate time when you would be available.

Thursday, 5/20, at 11:00 am or 2:00 pm  
Friday, 5/21, anytime between 10:30 am and 2:00 pm  
Monday, 5/24, anytime between 12:30pm and 2:00pm

If there are other EnergySolutions staff who should be involved in this call, or if I should contact someone other than you with this request, please let me know. Once we have agreed to a time for the call, I will set up a conference number.

Thank you,  
Michele Sampson
