Re: Change in RSO (#318932)

Mr Herr,

I, Russell J. Henckel, understand and accept the responsibilities associated with becoming the Radiation Safety Officer for the City of Wyoming Engineering Department. Please find enclosed copies of the certificates from my RSO training class and Nuclear Gauge Safety training class.

The City of Wyoming currently possesses three (3) Troxler model 3440 nuclear density gauges. Each gauge contains 8.0 mCi of Cs-137 and 40 mCi of Am-241:Be. In total the City possesses 24 mCi of Cs-137 and 120 mCi of Am-241:Be. The City does not plan to add any additional gauges in the foreseeable future.

Sincerely,

[Handwritten signature]

6-1-10

Russell J. Henckel, P.E.
Assistant Director of Public Works - Engineering
