EDISON COMPANY

Dear Mr. Davis:

Thank you for your letter dated May 26, 2010 (ML101480046), from Peter W. Smith, Nuclear Development – Licensing & Engineering Director, in reply to our letter dated April 27, 2010 (ML100330687), which transmitted a Notice of Violation to Detroit Edison Company (Revised Notice). The Revised Notice described two Severity Level IV violations resulting from an inspection conducted at your Detroit, Michigan, facility August 18-21, 2009. The Revised Notice required a written response for only Violation A. Your letter acknowledged Violation A and outlined the corrective steps taken to address the concerns noted in the Revised Notice.

However, we may review the implementation of your corrective actions during a future NRC staff inspection to determine that full compliance has been achieved and maintained.

Should you have further questions or comments, please contact Mr. George Lipscomb at (301) 415-6838 or via email at [George.Lipscomb@nrc.gov](mailto:George.Lipscomb@nrc.gov).
