Radiation Safety Officer
St. Joseph Mercy – Oakland

Pontiac, MI 48341-5023

Dear: Dr. Lala:

It has come to our attention that Amendment No. 52 to NRC License No. 21-11651-01 contained an error. In amendment 52, Adnan R. Habbal, M.D. was added to your NRC license for 10 CFR 35.100, 35.200, 35.300 and 35.500. Dr. Habbal should only been authorized for 35.100 and 35.200. Since your NRC license is currently at Amendment No. 56, we are correcting Amendment No. 56 which will be retroactive back to Amendment No. 52.

In a telephone conversation on May 12, 2010 with your consultant Tom Kumpuris of Medical Physicis Consultants, Mr. Kumpuris advised that Doctor Habbal has not to date practiced nuclear medicine at St. Joseph Mercy – Oakland, however, Dr. Habbal is part of the radiology group of physicians listed on your NRC license. Therefore, it is understood that Dr. Habbal did not perform any therapy procedures under 35.300. If our understanding is incorrect, please contact me immediately at 623-214-5213.

We apologize for any inconvenience this may have caused you.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,
