Re: License #11-27749-01, Invoice No. AM1627-10

To Whom It May Concern:

Please find attached our NRC Form 314. We are requesting termination of our license. Our nuclear gauge was transferred to another company on January 12, 2010, as per the attached copy of the Bill of Sale. We have also attached a copy of the most recent leak test report.

We are also attaching a copy of a recent invoice for our annual material fee. We are asking you to consider voiding this invoice. Our safety officer in charge of our license left the company in October 2009. Subsequently our license paperwork was misplaced and we were unaware of the procedure to terminate our license upon the transfer of our nuclear gauge to another company. We have not had possession of the materials since January 2010. Mistakenly we were under the impression that the company who took our nuclear gauge was also taking care of the license transfer. We apologize for our miscommunication and lack of understanding. We appreciate your review of our situation. Please contact us if you have any questions and we hope to hear from someone soon regarding the invoice.

Sincerely,

David R. Schuess, PE
Principal
