SUBJECT: SUMMARY OF THE PUBLIC MEETING HELD ON JUNE 02, 2010,
REGARDING EMERGENCY ACTION LEVEL FREQUENTLY ASKED
QUESTIONS'S

The purpose of this public meeting with the Nuclear Energy Institute (NEI) and licensees was to discuss the proposed resolution for emergency action level frequently asked questions (EALFAQs) submitted by NEI (ADAMS Accession No. ML093200493).

In the opening remarks, the staff reviewed the intent and scope of the EALFAQ Process Charter and pointed out that this process does not relieve licensees of using applicable regulations in maintaining or revising their Emergency Plan. In addition, the staff emphasized that the EALFAQ process cannot be used to make substantive changes to the EAL scheme as approved. Rather, it can only be used to clarify existing guidance.

The EALFAQs were discussed by the staff and the preliminary disposition of each was presented. NEI/industry was provided an opportunity to ask clarifying questions related to the process and to specific EALFAQs. The staff emphasized that the position(s) stated during this meeting are pre-decisional and are subject to change.

An opportunity for public participation was given, but no members of the public were present.

The proposed disposition to the EALFAQs, a copy of the EALFAQ Process Charter, and the attendance sheet are provided as enclosures to this memo.
