2. In box 3 of the license application, per NUREG-1556, Vol. 1, Rev. 1 guidance, please specify the address for any permanent facilities used for storage or use, and each facility from which you will dispatch gauge users to job sites for more than one customer.

Mr. Walker,

I just wanted to confirm with you that what I told you earlier on the phone was correct. What I understood from our conversation was that you are going to be storing the gauges at the Heber City location that you listed in the mailing address and will be using temporary job sites. If that is the case, just put the Heber City mailing address and the phrase " using temporary job sites" in box 3 and that should be sufficient. If you end up building a new permanent location to store the gauges in the future, then we can amend the license later. Any other questions, let me know.

Ms Elting,
Thank you for your prompt response. I will work to get your license written as soon as possible. One quick question – since you are the one stating that Mr. Walker is authorized to make binding commitments, etc, I just need your official job title. Thanks!
Casey
