Subject: Extension Request for Filing Financial Assurance Documents

Dear Ms. Weidner:

Yale-New Haven Hospital (YNHH) requests an extension of 60 days in the period required for filing of financial assurance documentation in accordance with 10 CFR 30.35.

The hospital has purchased a surety bond to cover the required financial assurance funding, has identified an appropriate trustee for the standby trust fund and has prepared the certificate of financial assurance. Outside counsel is currently in the process of finalizing all of the documents and ensuring appropriate corporate approvals. We expect the documents will be finalized next week but that appropriate corporate approval may add some additional time. Therefore while we expect to have the documents to you sooner, an additional 60 days would be appreciated.

If you have any further questions, please feel free to contact the Radiation Safety Officer at the address or phone number above.

Sincerely,

Michael J. Bohan  
Radiation Safety Officer/Health Physicist
