Dear Mr. Johnson:

Re: Special Nuclear Material License SNM-33

We request allocations as follows:

(b)(4)

This material is needed to fill our third quarter requirements at our licensed Hematite, Missouri, facility.

(b)(4)

In addition to the above allocations, we would like allocations in the same amounts and contents for our first quarter requirements for 1960. This material will be withdrawn in the same manner, used in the same manner, and delivered only to properly licensed organizations.

If additional information is required before these allocations can be granted, please do not hesitate to call us.

Very truly yours,

MALLINCKRODT NUCLEAR CORPORATION
