Dear Mr. Hill:

This refers to your letter dated March 16, 2010, and to our telephone conversation on June 2, 2010. During the telephone conversation, we discussed voiding your request at this time to allow you time to gather additional information for your license amendment to add a new Radiation Safety Officer. We will void your request without prejudice to resubmission. Please submit the additional information as requested in the enclosed, "Request for Additional Information".

When you resubmit your request please state that the resubmission is additional information to **Voided Control 318924**. We will resume our review upon receipt of your response. Please note, that a "voided request" is an administrative procedure that puts your amendment request "on hold" until you reactive it by a written response. The "voided request" is regarded as "good" because it gives you time to prepare a quality response.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,

A handwritten signature in cursive script that reads "William P. Reichhold".
