Subject: FW: Revised text for question 82

Joel,

Please forward this to Norbert Carte. It is a revision to the Instrumentation Action Item List based on discussions in the 1 pm phone call today.

Bill:

Please forward to Joel Wiebe for Norbert Carte.

May 6, 2010 **Originator:** NRC (Carte)
The PAMS Licensing Technical Report (WNA-LI-00058-WBT Rev. 0, Dated April 2010), in Section 2.3, lists hardware/software changes to the Common Q PAMS previously reviewed by the NRC. However the Common Q ISG-6 Compliance Matrix does not contain activities that address qualification of all changes specifically:

- 2.c - CI527 AF100 Peripheral Component Interconnect (PCI) interface card
- 3. - Common Q TC514 AF100 Fiber Optic Modems (Evolutionary Product Maintenance/Improvements)
- 4.a - PM646A Processor Module
- 4.b - CI631 AF100 Communication Interface Module
- 4.e - DO620 Digital Output Card

Please provide sufficient detail regarding the changes for the NRC to independently evaluate the acceptability of the changes.

Thanks,

Steve
