Dennis has the original copy. Concurrences are still out with Chip, Dennis R. and Janet (I believe).

Thanks,

Jenny,

Region I DNMS concurs on the NRC letter to Paul Baldauf, NJ DEP Assistant Director of Radiation Protection Programs, with the following comments:

1. Paragraph 6, sentence 4 - Please change to the following: we noted that the license reviewers will be responsible not only for the approximately *** naturally occurring or accelerator-produced radioactive materials (NARM) licenses that the Program has been regulating, but also the addition of approximately *** radioactive materials licenses to be transferred from NRC.
2. Paragraph 9, sentence 3 - Please note that a meeting with NJ was not held at the NRC Region I office on November 13, 2007. A conference call between the State of NJ and the NRC NJ Application Review Team was held on that date.

Please let me know if you have any questions or concerns.

Thanks!
Donna Janda
