Dennis,

Below is the information I sent to Pat on yesterday. I also faxed her the NJ Licensee State Report reflecting those NJ licensees who filed under small entity and/or paid the designated annual fee. If you want this report, email me your fax number. I have attached a copy of the Fee Categories/Program Codes Crosswalk and a listing of those in NJ who have paid application fees to date. Thanks.

Brenda:

I am the current NRC Project Manager for the New Jersey agreement. Could you please send me a copy of the information you send to New Jersey in response to the email below. I would be interested in the amounts for the 170 fees as well as the 171 fees.

I also know that the program codes/fee category issue has been worked out for FY 2008 fee rule so you should be able to provide that information also.

Thanks for your assistance in providing this information to New Jersey.

Pat,

In response to your email, see responses below.

1). NJ has about 503 NRC licenses and 491 qualified as small entities and received reduced fees? This number seems high - in the NRC FY2007 fee proposal it states that in FY 2006 31% of the licenses (1300) qualified as small entities.

For FY 2007 NJ had a total of 491 licensees. Of the 491 licensees, 166 qualified as small entities.

Can I get a listing of all the NJ NRC licenses and their respective fees for FY 2007?

N/10

Yes, I have faxed the listing to you.

2). I have a listing of NJ NRC licenses and fee categories. There are licenses that are listed as exempt from category 2B. Where is this exemption listed in the reg?

There is a notation listed under the appropriate fee categories noting that if source material is listed on the same license then 2B is exempt. Refer to notation for fee categories 7A, 7B, and 7C.

3). Has the NRC reconciled the program codes with the fee categories?

Yes, we have a Pilot Program effective January 4 - June 30, 2008, using the program codes/fee categories crosswalk.
