- The Chairman of the U.S. Nuclear Regulatory Commission and the Governor of New Jersey, Jon S. Corzine, signed a formal Agreement as authorized by Section 274b. of the Atomic Energy Act of 1954, as amended, which provides for the Commission to discontinue its regulatory authority and for the State of New Jersey to assume regulatory authority over certain radioactive materials in New Jersey. The Agreement is effective September 30, 2009. New Jersey becomes the 37<sup>th</sup> State to enter into such an Agreement with the NRC.
