Subject: Excursion

Uranium One, is reporting an excursion of monitor well 4MW 1 at the Christensen Ranch Site, the well was confirmed on excursion status on June 10, 2010. A routine quarterly sample exceeded two upper control limits, a second sample was taken it also exceeded two Upper control limits witch confirmed the well on excursion. Corrective action will begin as soon as the leak in CR pond 1 is repaired. A full written report will be sent in the allotted time frame.

Should you have any questions on this matter please call me at any time.

Thank You,

Larry
