Dear Chairman Jaczko:

I am writing to request an update on the status of the license renewal application for the Pilgrim Nuclear Power Plant located in Plymouth, Massachusetts, which is currently pending before the Commission.

It is my understanding that this application was submitted in January 2006, making this one of the longer reviews undertaken by the Commission. I greatly appreciate the thorough, comprehensive efforts by the Commission to ensure that the public's health and safety is protected and commend your efforts to conduct Commission business in a transparent manner. However, a number of stakeholders are anxious to know when a final decision might be reached on the two outstanding issues concerning this relicensing application.

I respectfully request that you provide me and my staff with an update on the status of the application and a realistic timeframe for completion of the review of this pending application. If you have any questions or concerns, please do not hesitate to contact Karena Neubauer on my staff at 202-224-2742.

Sincerely,

John F. Kerry
