Good Morning,

I apologize for the delay in responding to your e-mail but I have been away from the office. There are a number of legal documents associated with the Prairie Island Indian Community's safety culture contention which can be found in ADAMS and are publically available. The following is a partial list of NRC legal documents. The legal documents from Prairie Island Indian Community, Northern States Power, and the ASLB are also in ADAMS and are publically available.

NRC legal documents to the ASLB:

ML100431768 – NRC's petition for an interlocutory review

ML100540288 – NRC's answer to Northern States Power Company's petition for an interlocutory review

ML100670555 – NRC's motion for leave to supplement its petition

I hope this helps. Please let me know if you need any additional information.
Elaine

Dear Elaine,

I understand the NRC is appealing an ASLB finding on the Prairie Island safety culture contention on the license renewal application. Is this appeal document available to the public? If not, could you tell me the status of the appeal?

Thanks!

Deann
