Subject: August Inspection Conference Call

Don,

Anytime Monday afternoon works for the NRC. I suggest 2pm EDT, for approximately 1-hour. If that works for you let me know.

Items to discuss will focus on –

Listing of all safety-related activities Luminant is currently engaged in in support of the COL. This might include for example oversight of their contractors performing siting/geophysical activities etc.....

From this list, the NRC can have the applicant prepare the right documentation based on what areas we may want to inspect during the inspection

Sincerely,

Michael S. Magee
