**Significant Change in
Facility Administration**

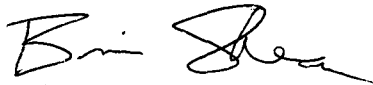

Re: Facility License R-56, Docket Number 50-83

As required by our Technical Specifications, Section 6.6.3, Paragraph(1), we are reporting a significant change in our facility organization at Level 2 which is the level responsible for the reactor facility management at the University of Florida Training Reactor (UFTR). Dr. Alireza Haghighat has filled the Level 2 position, Director of Nuclear Facilities. Effective June 8, 2010 Dr. Haghighat has resigned the position. Dr. David Hintenlang, Interim Chair of the Nuclear & Radiological Engineering Department at the University of Florida, will serve as the Interim Director for the UFTR, directing the educational and research mission of the facility and will be in charge of the administration of the facility as well. We are also reporting a change in Level 3 which is the level responsible for reactor operations and supervision of day-to-day facility activities. Effective June 10, 2010 Brian Shea has resigned the position of Reactor Manager. Dr. Edward Dugan will serve as the Interim Reactor Manager for the UFTR. If further information is needed please let us know.

Thank you for your consideration.

Sincerely,

Brian Shea
Reactor Manager UFTR
