Subject: RE: Permits 603 & 633, Cameco Resources 2009-2010 Annual Report Deadline

Hi Angelo –

We've considered Cameco's request to delay the annual surety update by 30 days. The staff's position is to adhere to the requirements of the license condition. Therefore, please submit the annual surety update consistent with the requirements of license condition 9.5, which identifies that the annual surety update shall be provided to the NRC 90 days prior to the anniversary date of September 30.

Hi Doug,

It was nice talking to you today. Per our conversation, I'm forwarding the memo from DEQ extending our deadline for submitting our Annual Reports to July 30, 2010 (which will include the surety documentation). Cameco Resources is requesting that we submit our annual surety submittal to NRC concurrently on July 30, 2010, understanding that our license has an annual June 30 date. Please let me know if this would be acceptable. Thanks for your assistance on this.

Best regards,

Angelo Kallas
