Re: Amendment Request for License # 40-02331-19, Docket # 030-15186

Dear Ms. Cook,

I write to request an expedited amendment to The University of South Dakota's license, to reinstate me as the Radiation Safety Officer (RSO). Ronald R. Bresell, our previous RSO and director of Environmental Health & Safety, has left the regular employ of the University, but remains in consultant capacity as RSO until our license is amended.

I had served as the University's RSO between October 15, 2008, and January 14, 2009, when the position of director of Environmental Health & Safety was in transition. It is the University's intention to promptly activate the search for a new director who will qualify as RSO.

Amendment No. 15 authorizes me as the RSO. It was signed by Rachel S. Browder, Health Physicist, on October 15, 2008. The packet of information that I sent to the U.S. Nuclear Regulatory Commission, detailing my qualifications and requesting appointment as RSO was dated July 16, 2008. Please advise me if you need additional information.

Thank you for your assistance with this matter.

Sincerely,

Laura J. Jenst, Ph.D.

Vice President for Research
