Hi Alex -

I got both of your e-mails - I'm glad that Andrew can join us as well. With me will be the following folks: Lawrence Kokajko, Division Director for High-Level Waste; Janet Kotra, Senior Project Manager in the High-Level Waste Division; and Marian Zabler, Assistant General Counsel.

See you tomorrow at 5pm - I'll have my Bberry on me if anything comes up on your end. Thanks for being willing to go late in the day.

Hi Amy - Below are some points that we hope to discuss during Tuesday's meeting. Thanks again,

Alex

- Web streaming of Yucca Mountain licensing hearings for public/AULG access.
- Future of NRC's Las Vegas facility (we have heard concerns about it being closed). Which proceedings will take place in the Las Vegas facility, assuming the LA is docketed?
- Schedule for licensing proceedings. When will preconference hearings on petitions/contentions begin?
- How will delays in releasing the final EPA radiation standard for Yucca Mountain impact NRC's review of the LA?
- What does NRC consider the license application – the physical document filed by DOE on June 3<sup>rd</sup> only, or does it include all documents incorporated by reference?
- NRC staff communication with DOE and third parties (congressional offices, interest groups, NEI, other lobbyists, etc).
- Has NRC considered the proximity of the docketing decision to the presidential election? Does staff have the authority to decide when to make its docketing decision?
- What assumptions is the Commission making (with respect to its budget, number of contentions it will likely review, DOE's outstanding documents/facility designs, etc.) when it says that the LA review can be completed within 4 years?

Good morning Alex -

I am sorry that the scheduling of your requested briefing is dragging a bit. 5pm on Tuesday 6/24 is looking like a "go" at this point with one caveat - I still need to confirm that the Director of the Division of HLW is available. His calendar shows "open" but I always prefer to hear directly... Let's plan on that date/time unless you hear differently from me.

Thanks for your patience - I hope to talk to you prior to Thursday's meeting.

Amy
