I'm checking with our staff arranging the meeting to see if there will be a call-in. I'll let you know what I find out.

Thanks. Given how far out Amargosa is, any chance there will be a video stream to NRC's Las Vegas facility or a call-in number?

Hi Alex (and Dayle) -

The 9/23 meeting is the only one scheduled at this point. However, the content - as I understand it - will not be unlike previous public meetings in which NRC staff lay out the license review process and field questions from the public.

Hi Amy – Thanks for the early notice. Is this the only meeting like this NRC will do?

Hi all -

NRC will hold a public meeting on **Tuesday, September 23, 2008** to provide an overview of the upcoming steps in NRC's decision process for the DOE's license application for a high-level waste repository at Yucca Mountain and to respond to questions from the public. The meeting will be at the **Longstreet Inn and Casino in Amargosa Valley, NV from 5-7pm**. A formal meeting notice should come out today, but I wanted to give you a "heads up" in case you want to attend. Let me know if you will be there - I am going to try to get out there to it as well.

Amy
