**Subject:** Confirming NRC briefing on transportation casks, 10/17

Hello again -

Per my conversations with you both earlier today, we'll come your way for a briefing on transportation casks on **Friday, October 17th at 10am**. With questions and discussion, it will probably take about 90 minutes to cover cask testing, studies that support the rigor of NRC's standards for transportation casks, and analysis of transportation accidents, specifically the Baltimore tunnel fire and the Summit (London) tunnel fire.

Which office will host?

Thanks - look forward to seeing you and talking more about these issues.

Amy
