Subject: Motion received by NRC in the HLW proceedings

Sent: Tue 2/2/2010 1:15 PM

Message: 2-1-10 DOE Motion to Stay1.pdf (727 KB)

Hi all -

I apologize as I am playing a bit of catch up. As you have read in a number of outlets, DOE filed a motion late yesterday with the NRC's Atomic Safety and Licensing Board (ASLB) for a stay in the adjudicatory proceeding on the Department's application for a license to construct a high-level waste repository at Yucca Mountain. Additionally, the motion indicates the Department's intent to withdraw the pending application. The filed motion is attached.

Parties in the proceedings have 10-days to respond to this motion; several parties, including the State of Nevada, have already concurred on this motion. The next step with regard to this motion would then be for the ASLB to rule on it.

I'll keep you posted.
