Subject: DOE, Eureka County file responses to petitions to intervene

Sent: Mon 3/29/2010 4:05 PM

Message: 3-29-10 Answer of US Dept of Energy(1).pdf (361 KB)

Hi again -

As I mentioned in a previous e-mail (March 8, 2010), parties currently in the hearing process on the DOE application for a high-level waste repository at Yucca Mountain have today as the deadline to file responses with the Atomic Safety and Licensing Board (ASLB or the Board) to the petitions to intervene from WA, SC, and Aiken County, SC. Attached is the full response filed by the DOE, which is inclusive of all five petitioners (NARUC and Prairie Island Indian Community being the other two). In short, the DOE does not oppose the petitions to intervene, stating that the petitioners "should be able to present their differing view of the law in this issue in this unique proceeding" (p. 2 of the attached).

Eureka County filed a one statement response indicating that it takes no position on the petitions to intervene (this filing, too, was inclusive of all five petitioners). If anyone would like a pdf of Eureka County's one-line filing, please let me know.

I will forward other responses filed as I receive them. After today's filing deadline for the parties' responses, WA, SC, and Aiken County will have until April 5th to reply to these responses.
