Hello once again,

Late yesterday, the State of Nevada filed the attached response to DOE's April 12th petition to the NRC Commission for an interlocutory review of the Board's Order to suspend briefing and consideration of the Department's motion to withdraw the Yucca Mountain application. In short, Nevada supports DOE's petition asking the Commission to review the Board's Order.

Thus far, NV is the only party that has filed a response. I'll continue to keep you posted.
