Subject: Board Order qith questions for parties, others regarding the License Support Network

Message: 04-21-10 Board Order re 4-21-10 Order Questions for Several Parties and LSN1.pdf (170 KB)

Here is the Board's Order from yesterday, asking for parties and interested governmental participants to respond to questions about document storage and other issues related to documents on the License Support Network (LSN).

If you are not familiar with the LSN, it was established to shorten the time spent on the exchange of documents that may be used as evidence in the NRC licensing proceeding. The LSN provides a single place where the parties and potential parties to the licensing hearing can search for documents in a uniform way. The LSN is codified in 10 C.F.R. 2, Subpart J and can be viewed at <http://www.lsnnet.gov/>. This web site is administered by the Atomic Safety and Licensing Board Panel of the NRC.

Responses are due to the Board May 24, 2010.
