Subject: NRC Commission vacates Board's Order to suspend briefing and consideration of DOE's motion to withdraw YML application

Today, the Commission affirmed its vote to **vacate** the Atomic Safety and Licensing Board's April 6, 2010 Order suspending briefing and consideration of the withdrawal motion from the Department of Energy. The Commission also directs the Board to establish a briefing schedule on DOE's motion to withdraw and issue a decision on that motion no later than June 1, 2010. Per the Commission, the Board should continue case management and resolve all remaining issues promptly.

I should have the Commission's Order for you shortly.
