Subject: NRC Board scheduling Order for considering DOE's motion to withdraw YH application

Message: Brief Schedule Order 4-27-10.pdf (138 KB)

Hello again -

Yesterday, the NRC's Atomic Safety and Licensing Board issued the attached Order, setting the briefing schedule for considering the DOE's motion to withdraw the license application for a HLW repository at Yucca Mountain. As you know in its Order last week, the Commission directed the Board to resume proceedings toward a decision by June 1, 2010. In the attached Board Order, the Board indicates that it will not be able to meet June 1, but commits to deciding DOE's motion to withdraw "as soon as possible after June 1 and, in no event, later than June 30."

Here are the other key upcoming dates set forth in the Board's Order:

- 5/4 - parties to respond to NARUC and Prairie Island Indian Communication intervention petitions
- 5/11 - replies to the parties' responses by NARUC and PIIC
- 5/17 - parties to respond to DOE withdrawal motion (new intervention petitioners can participate pending a determination of their status)
- 5/27 - DOE's reply to parties' responses

Also in this Order, the Board reiterated that responses to their questions (issued April 21, 2010) are due on May 24th. Parties would then have until June 1, 2010 to respond to these filings.
