Federally Listed Species in Citrus County, Florida

This information is provided as a guide to project planning, and is not a substitute for site-specific surveys. Such surveys may be needed to assess species' presence or absence, as well as the extent of project effects on listed species and/or designated critical habitat.

The following table lists those federally-listed species known to be present in the county.

Code Key: E = Endangered, T = Threatened, CH = Critical Habitat Designated

Category	Species Common Name	Species Scientific
Mammals	West Indian (Florida) Manatee	<i>Trichechus manatus l</i>
Birds	Florida Scrub-jay	<i>Aphelocoma coerul</i>
	Wood Stork	<i>Mycteria america</i>
	Red-cockaded Woodpecker	<i>Picoides boreal</i>
Fish	Gulf Sturgeon	<i>Acipenser oxyrhynchus</i>
Reptiles	Eastern Indigo Snake	<i>Dymarchon corais c</i>
	Green Sea Turtle	<i>Chelonia myda</i>
	Leatherback Sea Turtle	<i>Dermochelys coria</i>
	Loggerhead Sea Turtle	<i>Caretta caretta</i>
	Kemp's ridley Sea Turtle	<i>Lepidochelys ker</i>
Amphibians	None

- **General Information**

NOTE: Bald eagles were removed from the endangered species list in June 2007 because their populations recovered sufficiently.

However, the protections under the Bald and Golden Eagle Act (Eagle Act) continue to apply. Please see the eagle information on our [Landowner Tools](#) page or our national website at

<http://www.fws.gov/migratorybirds/baldeagle.htm> for information regarding new permit requirements under the Eagle Act.
