Mr. Reyes,

A working group is currently reviewing your petition for rulemaking (PRM) and the public comments received on the PRM. Once the PRM has been fully and formally resolved, a subsequent notice will be published in the *Federal Register*. You will also receive a letter at that time reiterating the outcome.

Please feel free to contact me if you have any questions.

Thank you,
Betty Golden

Ms. Golden,

I'm writing to request the status of NRC's review of ASTSWMO's petition for rulemaking on tritium exit signs if available (NRC-2009-0547).

We appreciate NRC's consideration of the petition and look forward to hearing from you.
