Yes, but not until next week.

We definitely need more information from you on metamic in license renewal space. Let's talk.

I'm home this week focusing on Palo Verde SER, but give a call when you're free:

Do you anticipate forwarding additional draft RAIs in the near-term?

Will there be a draft RAI on the metamic issue mentioned in the annual LRA update or will the issue be addressed under Jim Kim?

Regards---Fred

Fred,

As discussed this morning, attached is the DRAFT RAI on the EDG fogger housing. I apologize for the delay in the buried piping DRAFT RAI.

Please confirm you can support the following the EDG conference call next Tuesday.  
Take a look at supporting a buried piping call next Thursday.

Thanks,
