Subject: Response to U.S. EPR Design Certification Application RAI No. 191, FSARCh. 15, Supplement 6

Getachew,

AREVA NP Inc. (AREVA NP) provided a response to 1 of the 7 questions of RAI 191 on April 9, 2009. AREVA NP submitted Supplement 1 to the response on May 29, 2009 providing partial responses to the 6 remaining questions. AREVA NP submitted Supplement 2 to the response on June 1, 2009 providing a revised response to Question 15.06.05-46. AREVA NP submitted Supplement 3 to the response on December 18, 2009 to provide a revised response schedule. AREVA NP submitted Supplement 4 to the response on April 22, 2010 to provide a revised response schedule. AREVA NP submitted Supplement 5 to the response on May 20, 2010 to provide a revised response to Question 15.06.05-48. The Supplement 5 response also deferred the completion schedule until a public meeting could be held.

The responses to the 6 questions in RAI 191 are dependent upon the results of ongoing GSI-191 testing and evaluations of downstream effects on fuel assemblies. A revised schedule for providing technically correct and complete responses to the remaining questions in RAI 191 was developed based on these ongoing activities. Timelines for completing supporting activities were discussed with the NRC staff during a public meeting held at NRC headquarters on July 7, 2010. The schedule for technically correct and complete responses to the RAI 191 questions is provided below.

Attached please find the subject requests for additional information (RAI). A draft of the RAI was provided to you on February 20, 2009, and discussed with your staff on March 3, 2009. The staff took action to review previous RAIs to determine if some of the draft questions were previously asked as suggested by AREVA during that discussion. The staff reviewed the references AREVA provided and concluded that the new RAIs were not covered by previous RAIs. Therefore, with minor modifications to draft RAI Questions 15.06.05-43, 15.06.05-44, 15.06.05-45, and 15.06.05-46, for clarification, the draft RAIs are issued as final. The schedule we have established for review of your application assumes technically correct and complete responses within 30 days of receipt of RAIs. For any RAIs that cannot be answered within 30 days, it is expected that a date for receipt of this information will be provided to the staff within the 30 day period so that the staff can assess how this information will impact the published schedule.
