RE: Tenth Update to Disclosures Pursuant to 10 C.F.R. § 2.336; *Luminant Generation Company LLC* (Comanche Peak Nuclear Power Plant, Units 3 and 4), Docket Nos. 52-034 and 52-035

Pursuant to 10 C.F.R. § 2.336 and the agreement among the parties, as approved by the Atomic Safety and Licensing Board's Order dated October 28, 2009, Luminant Generation Company LLC and Comanche Peak Nuclear Power Company LLC (Luminant) are providing the enclosed disclosures with respect to Intervenor's Contention 18, as restated and admitted by the Atomic Safety and Licensing Board on August 6, 2009 (LBP-09-17), and reformulated as Alternatives Contention A on June 25, 2010 (LBP-10-10). In response to the Board's dismissal of Contention 13, Luminant will no longer provide any disclosures for this contention. *See* Luminant Generation Company (Comanche Peak Nuclear Power Plant, Units 3 and 4), LBP-10-10 (June 25, 2010).

Luminant's tenth update to the disclosures consists of the following:

- Enclosure 1 is reserved for the names, addresses, and telephone numbers of the persons upon whose opinion Luminant will base its positions on the contention and upon whom Luminant may rely as a witness, and a copy of the analyses and authorities upon which they base their opinions. Luminant has not yet identified witnesses for any hearing on the contention, and will update Enclosure 1 when it has identified its witnesses.
- Enclosure 2 provides a description, by category and location, of all relevant non-privileged documents, data compilations, and tangible things in the possession, custody, or control of

Mr. Robert V. Eye, et al.

July 15, 2010

Page 2

Luminant that are relevant to the admitted contention in this proceeding. If you determine that you would like a copy of any of these documents, please inform me of which documents you would like, and I will provide a copy to you.

- Enclosure 3 provides an index of documents, data compilations, or tangible things that may be relevant to the contention but that contain proprietary information, Sensitive Unclassified Non-Safeguards Information (SUNSI), or otherwise protected information. Upon request by the NRC Staff, Luminant will provide a copy using the procedure in 10 C.F.R. § 2.390. If the Intervenors desire a copy, Luminant will work with the Intervenors to develop a mutually acceptable proposed amendment to the Protective Order for issuance by the Board. Luminant will provide any requested proprietary documents to the Intervenors after the Board has entered an amended Protective Order.
- Enclosure 4 provides an index of relevant documents that are otherwise publicly available.

In order to compile Enclosures 2, 3, and 4, a search was conducted of documents in Luminant's possession, custody, or control. The attached affidavit attests that all relevant materials identified by this search have been disclosed. Also, we have highlighted the additions to the logs since the disclosures dated June 14, 2010.

In the event that Luminant identifies additional relevant documents or the witnesses for any hearing on the contentions, Luminant will update these disclosures on the 15th day of each month (subject to 10 C.F.R. § 2.306(a)), as required by 10 C.F.R. § 2.336(d) and the Board's Order dated October 28, 2009.

Luminant has been conservative in identifying documents for inclusion in Enclosures 2, 3, and 4. By identifying documents on those Enclosures, Luminant does not necessarily concede that the documents are in fact relevant or material to the admitted contention.

Sincerely,

Signed (electronically) by Jane T. Diecker

_____)	
In the Matter of)	
LUMINANT GENERATION COMPANY LLC)	Docket Nos. 52-034-COL
(Comanche Peak Nuclear Power Plant Units 3 and 4))	52-035-COL
_____)	July 15, 2010

AFFIDAVIT

1. My name is Donald R. Woodlan. My title is Manager, Nuclear Regulatory Affairs at Luminant. Working with the attorneys for Luminant, I have been responsible for managing the searches, collection, and compilation of documents, data compilations, and tangible things to comply with the mandatory disclosure requirements in 10 C.F.R. § 2.336.
2. This Affidavit relates to the tenth update to the disclosures that Luminant is providing on July 15, 2010, in the above-captioned proceeding pursuant to 10 C.F.R. § 2.336 and the parties' joint agreement on mandatory disclosures dated August 13, 2009, as approved by the Atomic Safety and Licensing Board's Order dated October 28, 2009.
3. A search was conducted of documents, data compilations, and tangible things under the custody and control of Luminant since it filed its initial disclosures for the types of information specified in 10 C.F.R. § 2.336(a). As provided in 10 C.F.R. § 2.336(c), this search was conducted based on information and documents reasonably available to Luminant:
 - a. The searches encompassed both electronic and paper documents.

- b. The searches encompassed both Comanche Peak Units 3 and 4 project-related files and documents in the possession and control of individuals who have worked on the Comanche Peak Units 3 and 4 project.
 - c. The searches were conducted not only of documents, data compilations, and tangible things in the possession and control of Luminant, but also documents, data compilations, and tangible things in the possession and control of Mitsubishi Nuclear Energy Systems, Inc. (MNES), including its subcontractors, who assisted in preparing the Comanche Peak combined license application.
 - d. Searches were conducted by employees of Luminant and contractors of Luminant and MNES, to the extent that they and their employees worked on the Comanche Peak Units 3 and 4 project and to the extent they possessed documents, data compilations, and tangible things used on the Comanche Peak Units 3 and 4 project.
 - e. Searches did not encompass documents in the possession of individuals who did not work on the Comanche Peak Units 3 and 4 project or files unrelated to the Comanche Peak Units 3 and 4 project.
- 4. Enclosure 2 provides the index of relevant non-privileged, non-protected documents, data compilations, and tangible things that were located as a result of this search.
 - 5. Enclosure 3 provides the index of relevant documents, data compilations, and tangible things containing proprietary-related information.
 - 6. Enclosure 4 provides the index of relevant documents, data compilations, and tangible things that are publicly available.

7. Luminant has been conservative in identifying documents for inclusion in Enclosures 2, 3, and 4. By identifying documents on those Enclosures, I do not necessarily concede that the documents are in fact relevant or material to the admitted contentions.
8. These disclosures are accurate and complete as of July 1, 2010.

The statements made above are true to the best of my knowledge, information, and belief.

I declare under penalty of perjury that the foregoing is true and correct.

Executed in Accord with 10 C.F.R. § 2.304(d)

ENCLOSURE 1

LUMINANT WITNESSES

The name and, if known, the address and telephone number of any person, including any expert, upon whose opinion the party bases its claims and contentions and may rely upon as a witness:

Response:

Luminant has not yet identified the persons that it may rely upon as its witnesses. Luminant will update this disclosure when it has identified such persons.

A copy of the analysis or other authority upon which that person bases his or her opinion:

Response:

Luminant has not yet identified the persons that it may rely upon as its witnesses. Luminant will update this disclosure when it has identified the persons that it may use as witnesses and the analyses and authorities upon which they base their opinion.

Section 9.2 of the Environmental Report for Comanche Peak Nuclear Power Plant, Units 3 and 4, as supplemented by Luminant's letter to the NRC dated December 8, 2009, provides Luminant's position on energy generation alternatives.
