Washington, DC 20555

Dear Chairman Jaczko:

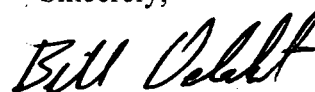

I am writing to inquire as to the status of the license renewal application for the Pilgrim Nuclear Power Plant in Plymouth, Massachusetts, which is currently pending before the Commission.

I want to commend you for the professional manner in which the Commission has conducted its review. The health and safety of the public depends on it. As you may imagine, the plant employees and local stakeholders are anxious to know when a final decision may be reached on the outstanding issues before the Commission.

The Pilgrim Station employs 650 hard working men and women committed to operating the plant safely while reliably generating almost ten percent of the Commonwealth's electricity demand. With this in mind, I would respectfully request an update on the application's status as well as a time frame for the completion of the review. If you have any questions, please do not hesitate to contact Anestis Kalaitzidis of my staff at 617-770-3700.

Thank you for your attention to this matter and I look forward to your reply.

Sincerely,

Bill Delahunt
