Dear Mr. Currit:

Enclosed please find stapled copies of 16 Isolated Resource (IR) forms from Arcadis U.S., Inc.'s (Arcadis) *Anadarko Petroleum Corporation Dry Willow Phase 4 POD Class III Cultural Resource Inventory Campbell County, Wyoming* report, per your request through the NRC. The 16 IRs consist of those recorded by Arcadis during that project, which are located within approximately 1,040 acres of the central and southern portion of the Hank Unit for the current Nichols Ranch ISR Project.

Please call (307) 742-3843 or send an email to [nfleming@trcsolutions.com](mailto:nfleming@trcsolutions.com) with any questions.

Sincerely,
