UN#10-195

ATTN: Document Control Desk  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

Subject: UniStar Nuclear Energy, NRC Docket No. 52-016  
Typographical Error Correction for Response to Request for Additional  
Information for the Calvert Cliffs Nuclear Power Plant, Unit 3,  
RAI No. 210, Gaseous Waste Management System

Reference: UniStar Nuclear Energy Letter UN#10-103, from Greg Gibson (UniStar Nuclear  
Energy) to Document Control Desk (NRC), "Response to Calvert Cliffs Nuclear  
Power Plant, Unit 3, RAI No. 209, Liquid Waste Management System, and  
RAI No. 210, Gaseous Waste Management System," dated April 14, 2010

The purpose of this letter is to correct a typographical error provided in the referenced UniStar Nuclear Energy correspondence to NRC.

The referenced letter provided responses to RAI 209, Question 11.02-1 and RAI No. 210, Question 11.03-1, as indicated in the cover letter and Enclosure 1 and Enclosure 2 cover sheets. However, within the body of Enclosure 2, a typographical error existed whereby Question 11.03-1 was inadvertently typed as Question 11.02-1. The correct question to be referenced within Enclosure 2 should have been Question 11.03-1.
