Greg,

Good to talk to you. Below is the announcement and invitation of our first conditional commitment of a nuclear loan.

We are also moving forward on finalizing the charge of the Blue Ribbon Committee to look at the back end nuclear cycle.

Cheers,

Steve

On Tuesday, February 16th, President Obama will announce the first conditional commitment under the DOE's loan guarantee program for the construction and operation of nuclear reactors. The announcement will cover a conditional commitment for two new nuclear reactors at a plant in Burke, Georgia. This announcement will represent a significant step forward in building a more diverse, and secure energy portfolio that enhances U.S. energy independence while creating jobs and reducing pollution. We would like to invite you to join the President for this announcement.
