Re: Request for License Amendment

Dear Sir or Madam:

03037573

Due to a recent corporate restructuring as well as a projected increase in business, Aquila Dock, Inc. requests that the United States Nuclear Regulatory Commission (USNRC) grant an amendment to Materials License #47-25500-02. The requested changes at this time are as follows:

- 1) Please change the licensee name to Docks Creek LLC. The management team that oversees licensed activities remains the same.
- 2) Please add authorization for the possession of a second Thermo Gamma Metrics Cross Belt Analyzer (Model CB-HI). Although the current limit of Cs-137 does not need revised this purchase will necessitate an increase in the Cf-252 possession limit to 40 mCi.

No additional changes to the license are requested at this time. If there are any questions please contact this office at 606-739-0001.

Best regards,
