Subject: RE: Environmental Assessment: Leslie C. Wilbur Nuclear Reactor Facility at Worcester Polytechnic Institute, Worcester, Massachusetts

Hi Ted,

I am sorry I haven't been able to reply to your call. I have been juggling several items over the past week due to staffing level reductions. I did review the EA and have no comments for my area of responsibility (solid waste) but also referred the document to our Department of Public Health - Radiation Group, Ted Traegde is in the Materials Management.. You might also want to check with him, as well

His phone number is 617-242-3055.

Have a nice weekend,

Regards,

Lynne Welsh

Importance: High

Lynne,
Just a follow-up to see if you have any comments to the EA . . . if not, I will move on to finalize it. I will call you on Monday just to make sure or you can just respond to this email by stating "no comments." You can also reach me on my cell at 301-648-0879. Thank you again for your review.
Ted

Lynne,

It was a pleasure talking with you. I am sending you a copy of the draft Environmental Assessment for the decommissioning of the Leslie C. Wilbur Nuclear Reactor Facility located on the campus of Worcester Polytechnic Institute, Worcester, Massachusetts. Please review and respond with comments (if any) by July 13, 2010.

As I mentioned, I am going to be out of the office from June 30-July 9, 2010 on vacation, however if you have any questions, please contact Varughese Kurian at 301-415-7426. You can also email Varughese at varughese.kurian@nrc.gov.

My email address is ted.carter@nrc.gov and I will be retrieving my email while out of the office.

Thank you in advance,
Ted
