We would like to have the call at 1500. Give us 3 lines.

Here is the structure for the phone call we would like to use.

- (1) Introductions
- (2) Background information (generic discussion of discovery and actions to date)
  - a. NRC questions on the condition
- (3) Strategy
  - a. Mode 6
  - b. SG Change-out
  - c. Containment operability (root cause)
- (4) Ongoing analyses
  - a. Vendor involvement
  - b. Timelines
- (5) NRC questions on actions
- (6) Recap and action items, including discussion on any required follow-up
