Meena,

I will include George on any future e-mails.

Thanks Bob....could you all please also include George Thomas ([George.Thomas2@nrc.gov](mailto:George.Thomas2@nrc.gov)) in any future emails. George will be in on Friday and I believe he will be able to support the "focus of the inspection initiative," tomorrow. George's contact no. is 301-415-6181.

Thanks a bunch!

Mark,

I will happy to conduct the entrance. I assume that we will discuss the focus of the inspection either tomorrow (I know that it is Friday and that you had planned to be off. If you do not come in, let's try a phone call at your convenience.) or Tuesday after I arrive on site.

Bob

A charter will most likely go out tomorrow. The initial team will include Lou as lead, Bob, George Thomas and later a contractor TBD.

Bob, please plan on conducting the entrance Tuesday afternoon (10/13).
