SUBJECT: THE UNITED STATES NUCLEAR REGULATORY COMMISSION'S
CONTRIBUTION TO THE ORGANIZATION FOR ECONOMIC CO-OPERATION
AND DEVELOPMENT/NUCLEAR ENERGY AGENCY TO FUND THE
MULTINATIONAL DESIGN EVALUATION PROGRAM

Dear Mr. Echávarri:

As discussed at the Multinational Design Evaluation Program (MDEP) Policy Group meeting held in Paris on March 4, 2008, all 10 of the participating MDEP regulatory bodies will provide an equal voluntary contribution to the Organization for Economic Co-operation and Development/Nuclear Energy Agency (OECD/NEA) to support the Technical Secretariat services for this activity. Accordingly, the U. S. Nuclear Regulatory Commission (NRC) is pleased to inform you of its decision to offer a voluntary contribution of \$300,000 to OECD/NEA over 5 years (\$60,000 each year), subject to the availability of funds each fiscal year. This voluntary contribution shall support Technical Secretariat activities that NEA will carry out for the MDEP, in accordance with the overall Terms of Reference approved by the Policy Group. This falls under NEA output area 1.4.1, output result 8.2, of the Programme of Work and Budget.

The grant will be administered in accordance with the OECD financial rules, which provide for a grant administrative charge, currently set at 6.8 percent of the offer amount. The NRC has included this 6.8 percent administrative charge within the \$60,000 provided each year.

The NRC will pay this amount on receipt of an invoice from OECD as follows:

\$60,000 in August 2010
\$60,000 in January 2011
\$60,000 in January 2012
\$60,000 in January 2013
\$60,000 in January 2014

Sincerely,

/RA Glenn Tracy for/
