We are late for plan of the week, since it should be done last week. I will prepare a draft of daily notes tomorrow and send it to you and Marvin. Daily notes should be out by Thursday 11:00am.

Farideh,  
This sounds good.  
Also, I asked about a Plan of the Week input. It is up to you.  
If you decide to do it, recommend something like, " Public Meeting with Progress Energy to discuss Crystal River containment status"

Thanks,  
Mark

Marvin/Mark:

As a follow up to my yesterday's e-mail and based on the conversations that I had with Marvin and Mark, RII would like DORL to support the region with the following items.

- 1) On 11/19, DORL will send out an NRC Daily Note for the meeting.
- 2) on 11/20, DORL (CR-3 PM) will open the meeting by stating the purpose of meeting and other administrative items, and ask those sitting around the table to introduce themselves. PM will introduce Luis Reyes and Luis will lead the meeting.
- 3) Trace Orf will take notes for the meeting summary and DORL will prepare the meeting summary.

4) Following the PE presentation and discussions with the NRC staff, the PM or Mark will ask the members of the public if they have any questions that would like to ask the NRC staff.

4) The PM or Mark Franke will thank everyone for participating in the meeting and the meeting will adjourn at 12:00pm.

Please let me know if you have any comments or questions.

Regards,

Farideh
