MEMORANDUM TO: File

FROM: Hironori Peterson, Chief */RA/*
Operations Branch
Division of Reactor Safety
Region III

SUBJECT: SUMMARY OF CATEGORY 2 PUBLIC MEETING REGARDING
POTENTIAL CHANGES TO THE LICENSED OPERATOR
TRAINING AND EXAMINATION PROCESS

This summary memo refers to the public meeting held at the NRC Region III Office on July 28, 2010, in Lisle, Illinois. At this meeting, a three member panel representing Nuclear Energy Institute, Inc. (NEI) and representatives from the Nuclear Regulatory Commission (NRC) met to discuss the NRC's initial operator licensing examination process, to gather information and exchange questions and answers regarding potential training, and examination process enhancements given technology and knowledge advancements. This meeting served to facilitate an open discussion with the NRC and a fact finding opportunity for the NEI panel. Information exchanged during this meeting included the current NRC process of conducting initial operator licensing examinations and questions regarding possible enhancements and/or changes to the overall examination process.

No handouts were provided at this meeting.

In accordance with 10 CFR 2.790 of the NRC's "Rule of Practice," a copy of this memo will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records System (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).
