Scoping and Screening/Aging Management Review

**D-RAI 2.3.3.4-01**

On license renewal application (LRA) drawings LR-DCPP-14-106714-03 and LR-DCPP-14-107714-03, the applicant depicts the label "stuffing box" at locations 31-C, 33-C, and 35-C, but the components are not shown. On the LRA aging management review Table 2.3.3-4 for the component cooling water system, the "stuffing box" component is not listed. The staff requests that the applicant justify the exclusion of the stuffing box from LRA Table 2.3.3-4.

**Discussion:** Based on a discussion with the applicant, it was determined that the stuffing box for the pumps were within the scope of license renewal and covered within the pump component type in LRA Table 2.3.3-4. Therefore, this question is withdrawn and will not be sent as a formal request for additional information.
