Attachments: NRC GEOLOGIC VISIT AGENDA.docx

Joe/Mike

Attached is the proposed agenda for the NRC geologic visit on August 23-24, 2010. If possible, could you please make sure the appropriate NRC individuals get a copy for review and input. If you have any questions or would like to make any adjustments, please feel free to give us a call.

Based on the notes I took this morning, I understand there will be a total of 8 NRC individuals that will be coming to the site. I will be using that number for planning purposes. If that number changes, please let me know so we can be properly prepared. It is not a big deal if we don't know, we just would like to be as supportive as possible to your team.

Thanks!

Amy
